1 Recipes

The following recipe is an example for the usage of the `xcookybooky` package. The copyright of the pictures is owned by Roman Gaus.

Mousse au Chocolat

-  1 h
-  5 Personen
-  R. Gaus

Zubereitung

- 1** Eier trennen, Eiweiß und Sahne separat steif schlagen. Butter und Schokolade vorsichtig im Wasserbad schmelzen.
- 2** Eigelb in einer großen Schüssel mit 2 EL heißem Wasser cremig schlagen, den Zucker einrühren bis die Masse hell und cremig ist.
- 3** Die geschmolzene Schokolade unterheben, anschließend sofort Eischnee und Sahne unterheben (nicht mit dem Elektro-Mixer!)
- 4** Mindestens 2 Stunden im Kühlschrank kalt stellen. Aber nicht zu kalt servieren.

Zutaten

- 2 Tafeln dunkle Schokolade (über 70%)
- 3 Eier
- 200 ml Sahne
- 40 g Zucker
- 50 g Butter

Tipp:

Der Schokoladenanteil kann auch gesenkt werden.

Test Recipe

- 1 This recipe is intended to show you more display options.
- 2 Test, Test
- 3 Another Test, Test, Test, Test. And once again Test, Test, Test, Test
- 4 Hello, here is some text without a meaning. This text should show, how a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like »Huardest gefburn«. Kjift – Never mind! A blind text like this gives you information about the selected font, how the letters are written and the impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for a special contents, but the length of words should match to the language.
- 5 You maybe don't need a hint

There is no need for a special contents, but the length of words should match to the language.

9 Hello, here is some text without a meaning. This text should show, how a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like »Huardest gefburn«. Kjift – Never mind! A blind text like this gives you information about the selected font, how the letters are written and the impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for a special contents, but the length of words should match to the language.

10 Hello, here is some text without a meaning. This text should show, how a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense

like »Huardest gefburn«. Kjift – Never mind! A blind text like this gives you information about the selected font, how the letters are written and the impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for a special contents, but the length of words should match to the language.

11 And your recipe can of course even be longer (if your really need it). But it shows at least the principle.
