

This file contains information about external contributors (other than InChITrust; either contractor or volunteer) who participated in code development, testing or other activities related to preparation of InChI Software version 1.05 release.

The following persons and organizations are acknowledged for the indicated contributions:

InChI for polymers – preparing “InChI Requirements for Representation of Polymers and Mixtures”
(portions of which are also used in InChI v. 1.05 documentation)

IUPAC Task group

Members: Andrey Yerin (Chairman); Jaroslav Kahovec; Roger Schenck; Dmitrii Tchekhovskoi; Ted Wilks
Experts involved in discussions: Jonathan Brecher; Yulia Borodina; Keith Taylor

IXA, InChI Extensible API - development and documentation

Digital Chemistry Ltd.; John Barnard, Dan Thomas

Thread-safety - code changes and documentation

Bio-Rad Laboratories, Inc.; Karl Nedwed

General - bugfixes, minor code changes, tests

Evan Bolton, Paul Thiessen
Dmitrii Tchekhovskoi

Beta-testing – bug detecting, bugfixes, advices

Andrew Dalke, Greg Landrum, Burt Leland, Peter Linstrom, John Mayfield, Dominik Mierzejewski, Michał Nowotka, Noel O'Boyle, Dmitry Redkin, Keith Taylor, Xing Gao, Andrey Yerin, and others
